

The management and staff of the Bending Lake Iron Group Limited wish you and yours peace and prosperity for the holiday season and for 2010. May this time of year be joyous and may you take the time to give thanks for the blessings of the year just passed, to rejoice in our children, to enjoy the company of family and friends.

As the New Year approaches, I'd like to send a special greeting to all our shareholders, supporters and business associates that serve to make our business prosper. You are in our thoughts and our prayers.

This year we've experienced the twinkle of additional resources on the mining claims, increased value of our overall business assets, had the opportunity to share our progress with others and inspired Aboriginal youth to realize their dreams and delight in a grandmother witnessing her fulfillment of her life's work.

As we continue to develop our iron business, the Christmas season reminds us that the values we share should far outweigh whatever difference there are among people. May the spirit of the season be with you and may the Great Spirit look fondly upon us all!
Meegwetch.
